

What is a "compound?"

S. Sulli

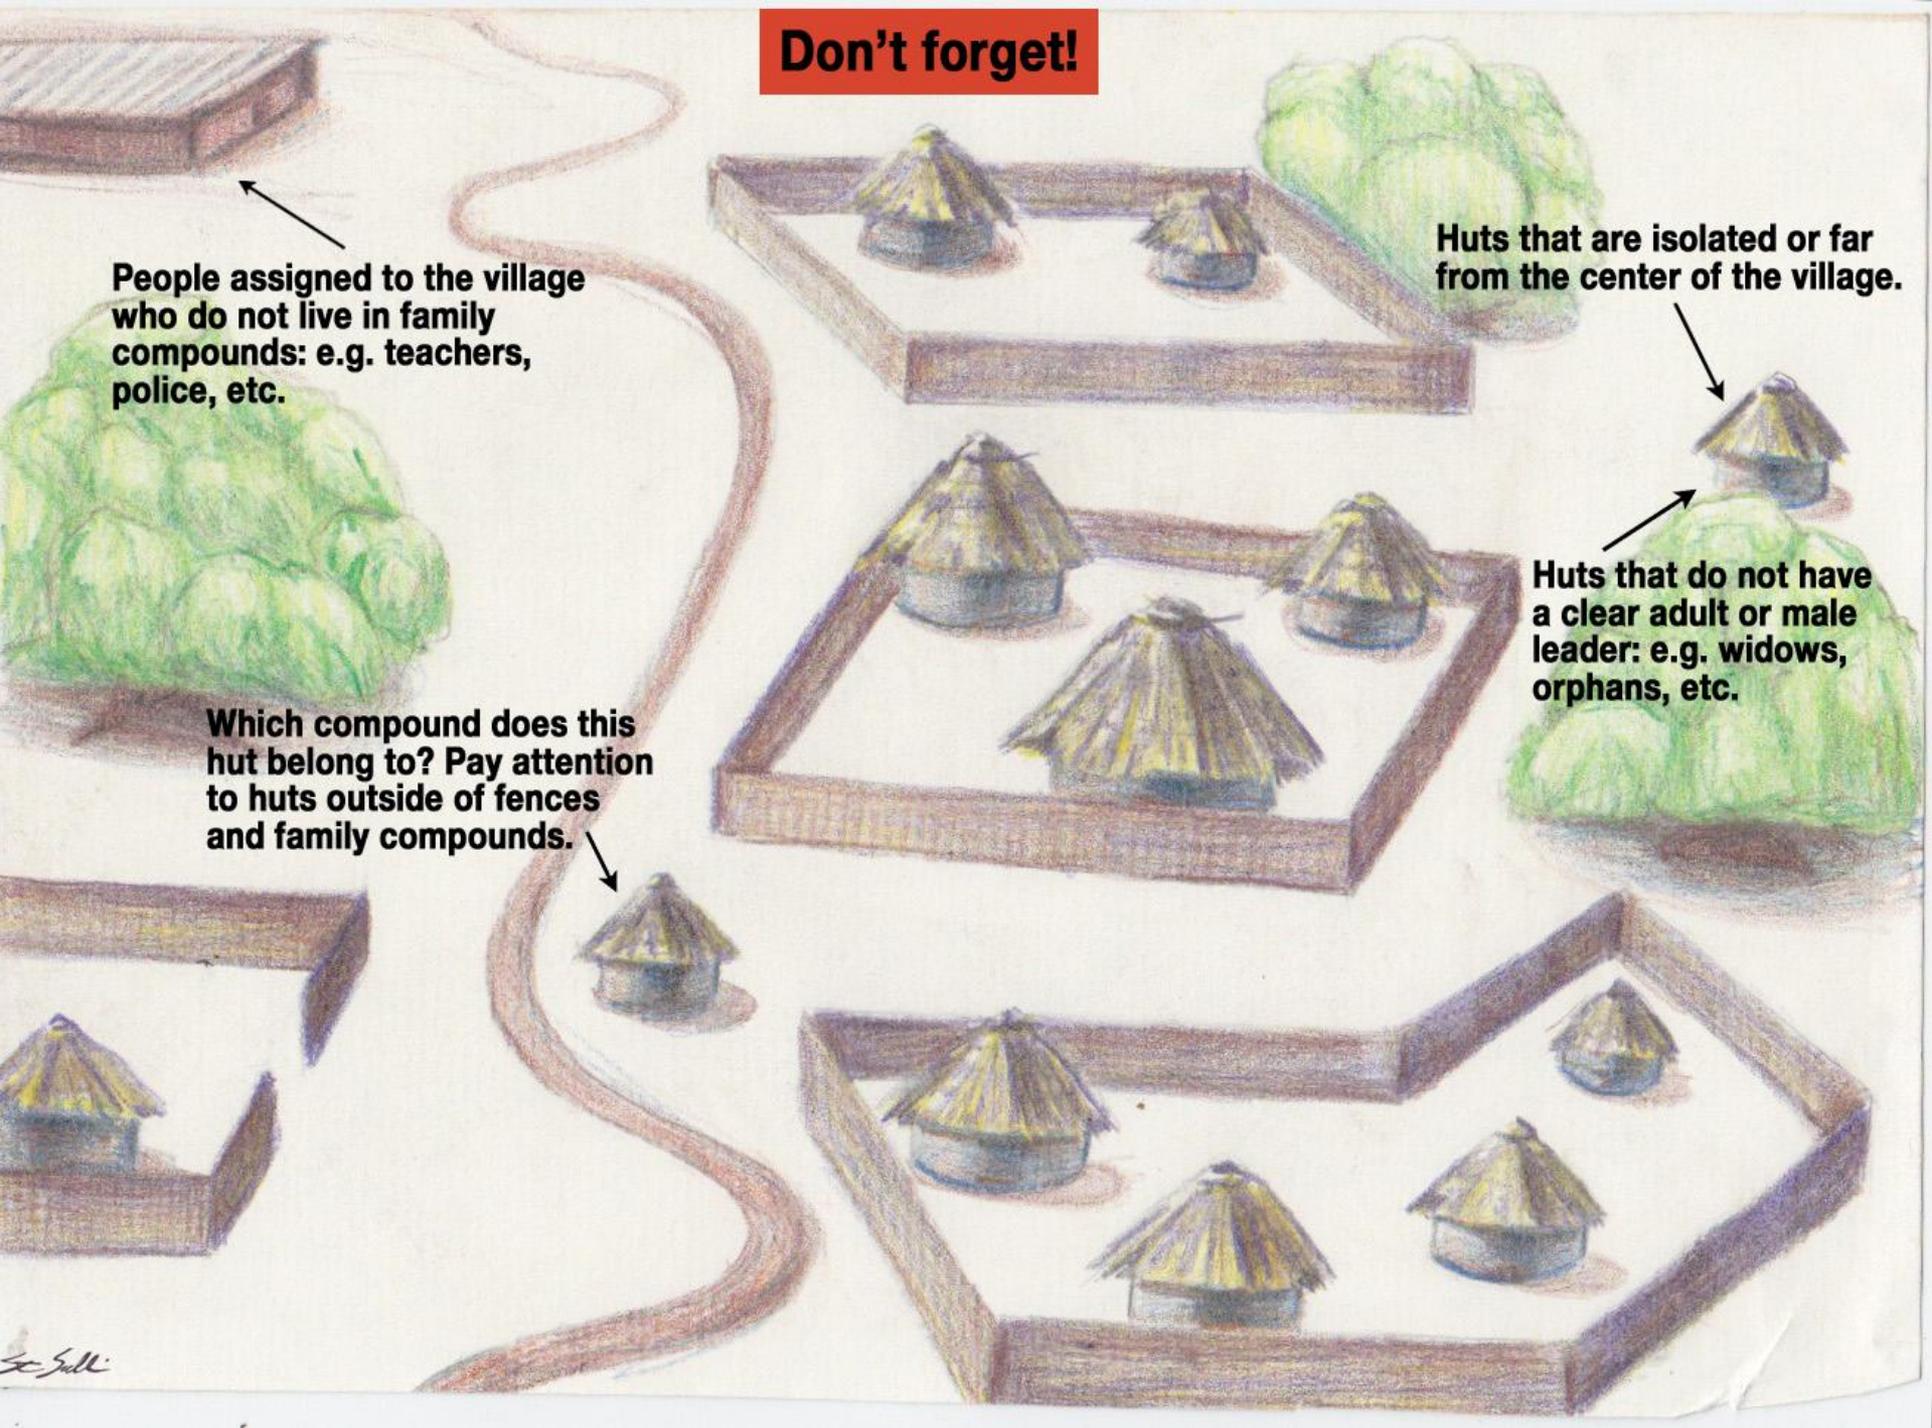

Don't forget!

People assigned to the village who do not live in family compounds: e.g. teachers, police, etc.

Huts that are isolated or far from the center of the village.

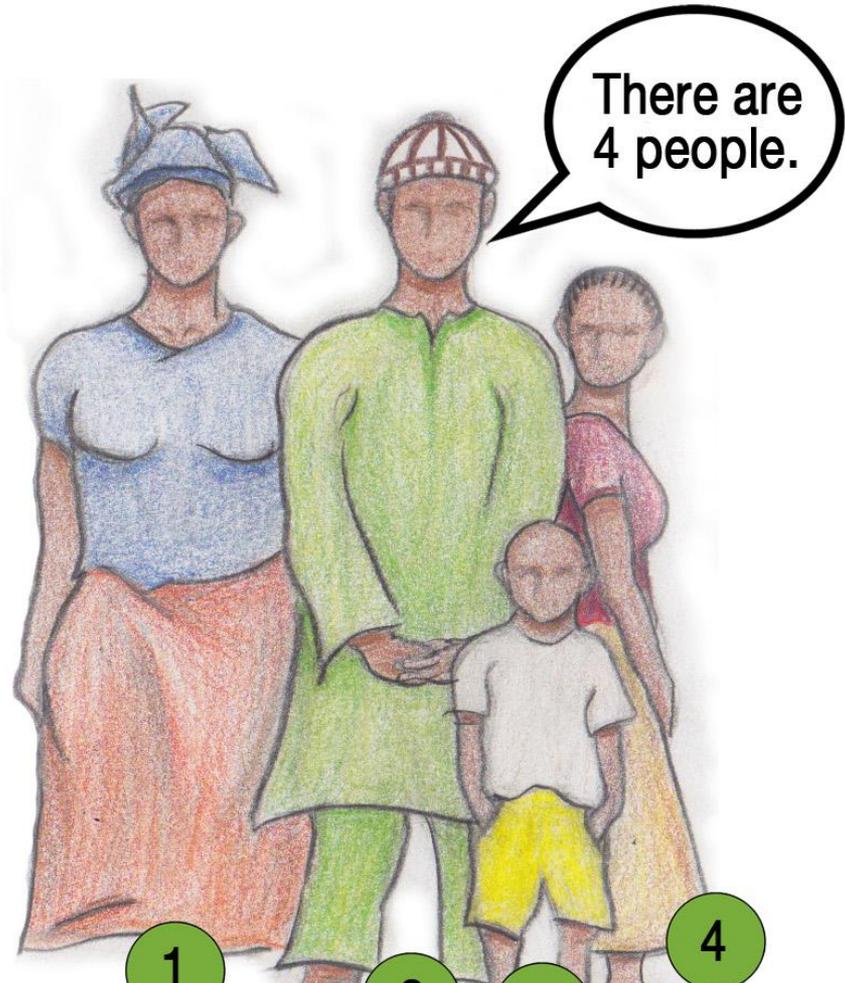

Huts that do not have a clear adult or male leader: e.g. widows, orphans, etc.

Which compound does this hut belong to? Pay attention to huts outside of fences and family compounds.

How many people live in this compound?

There are 4 people.

Did you include
all of your
children?

No! He always
forgets Boubacar.
5 people.

That is all? There are no other people who live in this compound?

His brother and his wife!

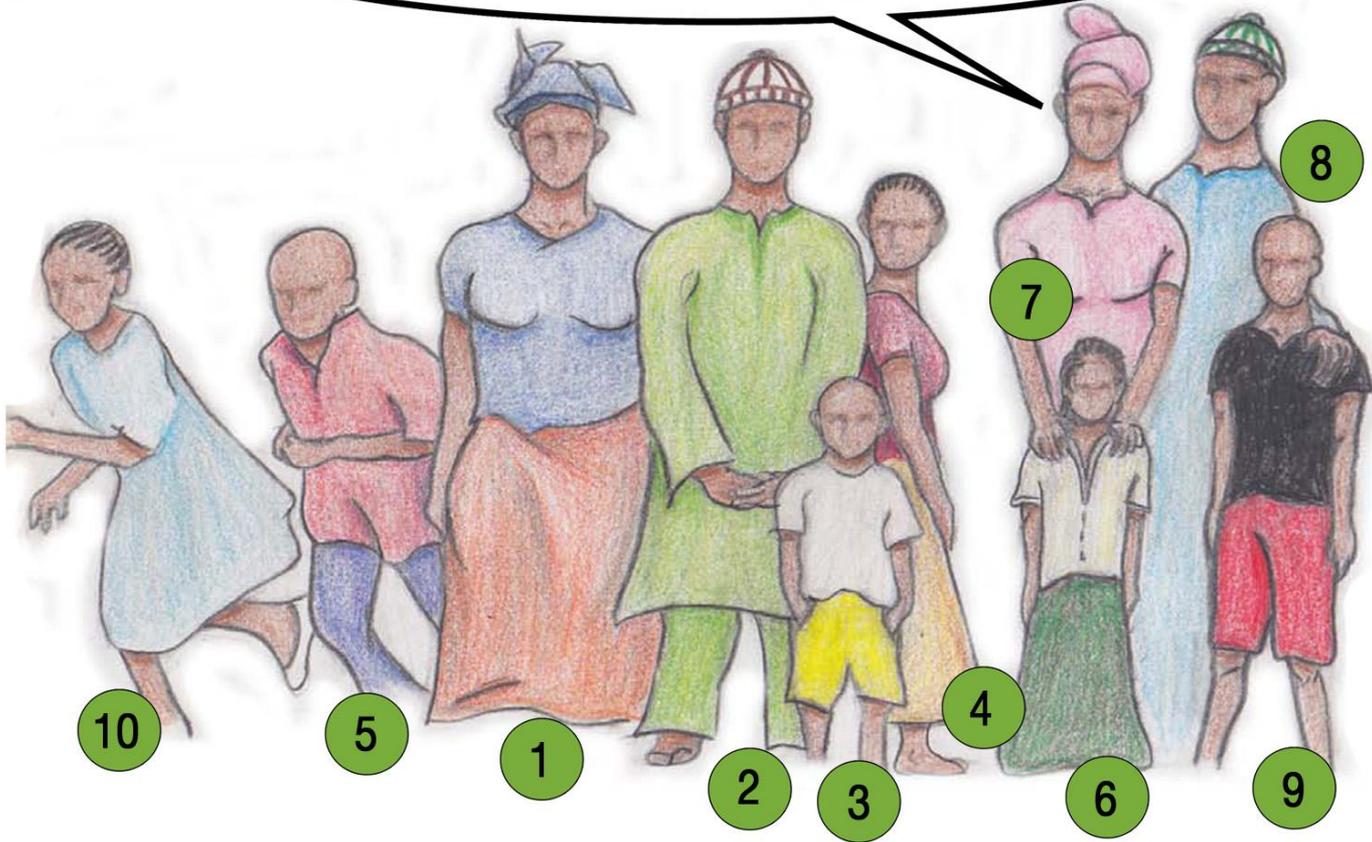

Don't forget my cousins, Diarra and Malan. Now, 9 people!

So, is that everyone?

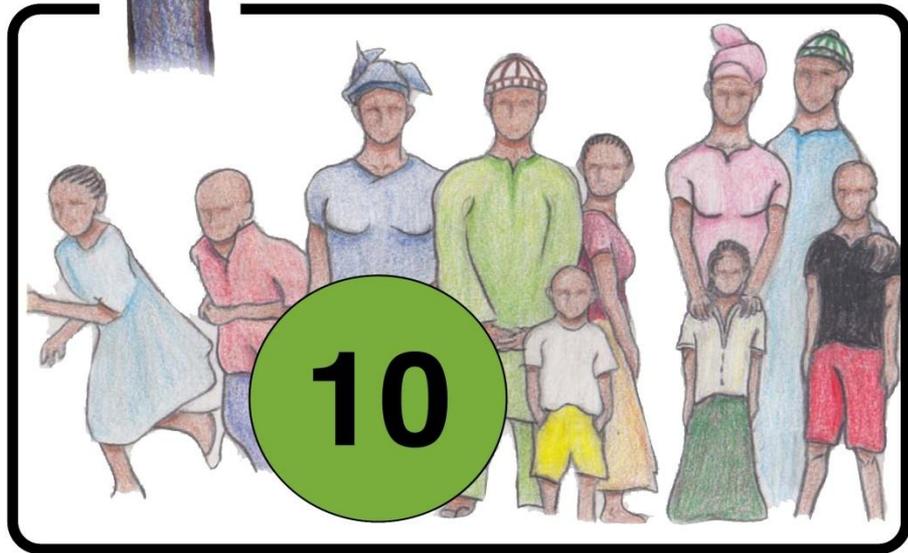

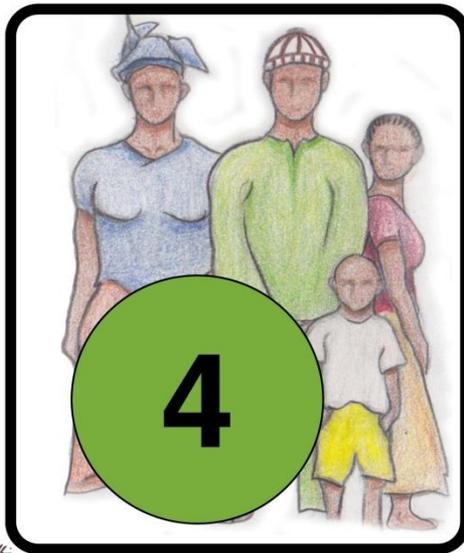

Did we forget my student, Naafi?
Now, we have 10 people.

It is not enough
to ask once.

You must question
people again and
again!
